REPRODUCTION OF THIS REPORT IS PROHIBITED

ABOUT THE INDEX: The American Chamber of Commerce Researchers Association (ACCRA) produces the *ACCRA Cost of Living Index* to provide a useful and reasonably accurate measure of living cost differences among urban areas. Items on which the Index is based have been carefully chosen to reflect the different categories of consumer expenditures. Weights assigned to relative costs are based on government survey data on expenditure patterns for midmanagement households. All items are priced in each place at a specified time and according to standardized specifications.

INTERPRETING THE INDEX: The *ACCRA Cost of Living Index* measures relative price levels for consumer goods and services in participating areas. The average for all participating places, both metropolitan and nonmetropolitan, equals 100, and each participant's index is read as a percentage of the average for all places.

The Index does not measure inflation (price change over time): each quarterly report is a separate comparison of prices at a single point in time, and both the number and the mix of participants may change from one quarter to the next. For inflation data, contact your nearest regional office of the U.S. Bureau of Labor Statistics.

The *Index* reflects cost differentials for a *mid-management* standard of living. Operationally, this standard of living is set by the weighting structure. Homeownership costs, for example, are

more heavily weighted than they would be if the *Index* were structured to reflect a clerical worker standard of living or average costs for all urban consumers. (Weights for component indexes appear above column headings—17% for Grocery Items, for example.)

Because the number of items priced is limited, it is not valid to treat percentage differences between areas as exact measures. Since judgment sampling is used in this survey, no confidence interval can be determined. Small differences, however, should not be construed as significant—or even as indicating correctly which area is the more expensive.

PARTICIPATING AREAS: Areas included in this survey are those where chambers of commerce or similar organizations have volunteered to participate. The number of respondents varies from quarter to quarter, and ACCRA makes a continuing effort to expand coverage of metropolitan areas. Any metropolitan area not represented in this report is absent because its chamber of commerce has opted not to collect data. *ACCRA has no data for areas which do not appear in this report.*

PRICE REPORTING: ACCRA stringently reviews all prices reported, and attempts to eliminate errors and noncompliance with specifications. All price data are obtained from sources deemed reliable, but no representation is made as to the complete accuracy thereof. They are published

subject to errors, omissions, changes, and withdrawals without notice.

SPECIFICATIONS: The specific items priced are listed on page iii. The specifications for all grocery items are self-explanatory. Abbreviated specifications for all nongrocery items are presented only as a guide to users of this report; far more detailed specifications are contained in a manual provided to participants.

EXCLUSION OF TAXES: ACCRA is fully cognizant that state and local taxes are an integral part of the cost of living, and that tax burdens vary widely not only among states and metropolitan areas, but even within metropolitan areas. Due to the multiplicity of state and local taxes, taxing jurisdictions, and assessment procedures, it is not feasible to calculate local tax burdens reliably. ACCRA has opted to produce an index which adequately measures differences in goods and services costs, rather than to produce an inaccurate measure which attempts to incorporate taxes levied on real and intangible property, retail sales, and income.

THREE SECTIONS OF QUARTERLY DATA: The *ACCRA Cost of Living Index* presents data in three sections:

URBAN AREA INDEX DATA: This section shows each place's Composite Index and six component indexes: Groceries, Housing, Utilities, Transportation, Health Care, and Miscellaneous Goods

& Services. Places appear alphabetically within state.

METROPOLITAN AREA INDEX DATA: This section presents the same data as the first, but is restricted to places within Metropolitan Statistical Areas (MSAs) or Primary Metropolitan Statistical Areas (PMSAs). MSAs and PMSAs are defined by the Office of Management and Budget.

Grouping places by metropolitan area can be helpful in gauging living cost differentials when the central city is not represented. While data for suburban places can be used as surrogates for central city data, however, users should note that cost of living differences can exist within large metropolitan areas, and that data for suburbs may not match those which might have been obtained for the central city or for the entire metropolitan area.

AVERAGE PRICES: The average price reported for each item in the survey is shown for each participating place. Places are listed in the same se-

quence as in the index data. After the final state listing, this section presents the median, average, standard deviation, and range for each item.

SUBSCRIPTIONS: This quarterly report is available by subscription for \$100 per year. Subscriptions begin with the current issue unless the subscriber specifies otherwise. Single issues of current or back reports may be purchased for \$50 each. Subscription order forms are available from participating chambers or from ACCRA. Subscription or single issue orders may be placed directly with ACCRA's treasurer: Mrs. Alice M. Klein, Louisville Chamber of Commerce, One Riverfront Plaza, Louisville, KY 40202. Check (payable to "ACCRA") or government purchase order must accompany each subscription; telephone orders cannot be accepted.

FOR MORE INFORMATION: If you have *questions on data*, call the **ACCRA Information Phone (703/998-4172)**. If you have *questions on procedures or methodology*, contact either C. A. Kasdorf III, Greater Houston Partnership, 1100

Milam Building, 25th Floor, Houston, TX 77002 (713/658-2466) or Ed Sturgeon, Lexington Chamber of Commerce, 330 East Main Street, Lexington, KY 40507 (606/254-4447).

ACCRA: The American Chamber of Commerce Researchers Association, founded in 1961, is a nonprofit professional organization comprising research staff of chambers of commerce, economic development organizations, and related organizations throughout the United States and Canada. In its dedication to improving business information through research, ACCRA developed the Cost of Living Index to meet the need for a measure of living cost differentials among urban areas. Originally titled *Inter-City Cost of Living Indicators Project*, the *ACCRA Cost of Living Index* has been published quarterly since 1968.

ACCRA has no permanent office. Staff functions are carried on by volunteer members. ACCRA is an affiliate of American Chamber of Commerce Executives, 4232 King St., Alexandria, VA 22302.

Price Report Column Headings

The items and specifications in this pricing study are listed below. The descriptions for HOUSING and UTILITIES are briefly highlighted, since pricing is based on explicit procedural instructions and very detailed specifications. Monthly housing payments and utility-use charges are not community-wide averages and should not be construed as such. • Pricing is based on sample averages. The concept of a midmanagement executive household is the guideline for selecting establishments and neighborhoods in which to price, and the minimum number of establishments mentsto be surveyed depends upon the size of each community. • To ensure uniformity, national brands are stipulated whenever possible. "Lowest price" is the reported average of the lowest prices found in all stores surveyed. • Housing prices are published in whole dollars. All other items are presented in dollars and cents and published without the decimal point.

Column
Number

GROCERY ITEMS

MEATS	
1 T-Bone Steak	Price per pound, USDA Choice
2 Ground Beef or Hamburger	Price per pound, lowest price
3 Bacon	12 oz. package, rashers, Oscar Mayer, Hormel Black Label, or Field's
4 Frying Chicken	Whole fryer, price per pound
5 Chunk Light Tuna	6 1/2 oz. can, Starkist or Chicken of the Sea, packed in oil
DAIRY PRODUCTS	
6 Whole Milk	One Half-gallon carton
7 Eggs	One dozen, grade A, large
8 Margarine	One pound, Blue Bonnet or Parkay
9 Parmesan Cheese, Grated	8 oz. canister, Kraft brand
PRODUCT	
10 Potatoes	10 pound sack, white or red, lowest price
11 Bananas	Price per pound
12 Iceberg Lettuce	Head, approx. 1 1/4 pound
BAKERY PRODUCTS	
13 Bread, White	24 oz. loaf, lowest price
TOBACCO	
14 Cigarettes	Carton, Winston, king-size (85 mm.)
MISC. GROCERY PRODUCTS	
15 Coffee, Vacuum-Packed	13-oz. can, Maxwell House, Hills Brothers, or Folgers
16 Sugar	5 pounds, cane or beet, lowest price
17 Corn Flakes	18 oz. Kellogg's or Post Toasties
18 Sweet Peas	17 oz. can, Del Monte or Green Giant
19 Tomatoes	14 1/2 oz. can, Hunt's or Del Monte
20 Peaches	29 oz. can, Hunt's, Del Monte, or Libby's, halves or slices
21 Facial Tissues	175-count box, Kleenex brand
22 Washing Powder	42 oz., Tide, Bold, or Cheer
23 Shortening	3 pound can, all-vegetable, Crisco brand
24 Frozen Orange Juice	12 oz. can, Minute Maid brand
25 Frozen Corn	10 oz. whole kernel, lowest price
26 Baby Food	4 1/2 oz. jar, strained vegetables, lowest price
27 Soft Drink	2 liter Coca Cola, excluding any deposit

HOUSING

28 Apartment, Monthly Rent	Two-bedroom, unfurnished, excluding all utilities except water, 1 1/2 or 2 baths, approx. 950 sq. ft.
Home Purchase	
29A Total Purchase Price	1,800 sq. ft. living area new house, approx. 8,000 sq. ft. lot, urban area with all utilities
29B Monthly Payment	Principal and interest, 30 year first mortgage based on 75 percent loan at current conventional fixed-rate of interest or adjustable rate mortgage plan.

Column
Number

30 Electric Power	
31 Other Fuel Sources	oil, natural gas, coal, wood, etc.
30 + 31	
32 Telephone	

UTILITIES

Monthly cost calculated at current rates for average monthly consumption during the previous 12 months in the type of home specified in item 29. All-electric homes are reported in 30A; electricity costs where other energy fuels are also used are reported in 30B. Total Energy Costs

Private residential line; customer owns instruments. Price includes: basic monthly rate; additional local use charges, if any incurred by a family of four; TouchTone fee; other mandatory monthly charges, such as long distance access fee or 911 fee; all taxes on the foregoing

TRANSPORTATION

33 Commuter Fare	Typical one-way commuting fare, up to 10 miles
34 Auto Maintenance	Average price to computer- or spin-balance one front wheel
35 Gasoline	One gallon unleaded regular, national brand, including all taxes; cash price at self-service pump if available

HEALTH CARE

36 Hospital Room	Average cost per day for semi-private room
37 Office Visit, Doctor	General practitioner, average charge
38 Office Visit, Dentist	Teeth cleaning and inspection; no X-ray or fluoride treatment
39 Aspirin	100-tablet bottle, Bayer brand

MISC. GOODS & SERVICES

40 Hamburger Sandwich	1/4 pound patty with cheese. McDonald's Quarter Pounder with cheese, where available
41 Pizza	12"-13" thin crust cheese pizza. Pizza Hut or Pizza Inn where available
42 Fried Chicken	Thigh and drumstick, with or without extras Kentucky Fried Chicken or Church's, where available
43 Haircut	Man's barbershop haircut, no styling
44 Beauty Salon	Woman's shampoo, trim, and blow-dry
45 Toothpaste	6 oz.-7 oz. tube, Crest or Colgate
46 Shampoo	15 oz. bottle, Johnson's Baby Shampoo
47 Dry Cleaning	Man's two-piece suit, average price
48 Man's Dress Shirt	Arrow, Enro, Sear's Best or Van Heusen brand. White, poly/cotton blend, (55% or more cotton) long sleeves, size 15/32-16/34
49 Boy's Underwear	package of three briefs, cotton, lowest price
50 Man's Denim Jeans	Levi's brand, 500 series, size 28/30-34/36
51 Major Appliance Repair	Home service call, clothes washing machine; minimum labor charge excluding parts
52 Newspaper Subscription	Daily and Sunday home delivery, large-city newspaper, monthly rate
53 Movie	First-run, indoor, evening price
54 Bowling	Average price per line (game), evening rate
55 Tennis Balls	Wilson or Penn brand, can of three extra-duty, yellow
56 Board Game	Parker Brothers' "Monopoly," No. 9 edition
57 Liquor	J&B Scotch, 1 liter bottle
58 Beer	Schlitz or Budweiser, 6-pack, 12 oz. containers, excluding any deposit
59 Wine	Paul Masson Chablis, 1.5 liter bottle

ABOUT THE INDEX: The American Chamber of Commerce Researchers Association (ACCRA) produces the *ACCRA Cost of Living Index* to provide a useful and reasonably accurate measure of living cost differences among urban areas. Items on which the Index is based have been carefully chosen to reflect the different categories of consumer expenditures. Weights assigned to relative costs are based on government survey data on expenditure patterns for midmanagement households. All items are priced in each place at a specified time and according to standardized specifications.

INTERPRETING THE INDEX: The *ACCRA Cost of Living Index* measures relative price levels for consumer goods and services in participating areas. The average for all participating places, both metropolitan and nonmetropolitan, equals 100, and each participant's index is read as a percentage of the average for all places.

The Index does not measure inflation (price change over time): each quarterly report is a separate comparison of prices at a single point in time, and both the number and the mix of participants may change from one quarter to the next. For inflation data, contact your nearest regional office of the U.S. Bureau of Labor Statistics.

The Index reflects cost differentials for a mid-management standard of living. Operationally, this standard of living is set by the weighting structure. Homeownership costs, for example, are

more heavily weighted than they would be if the *Index* were structured to reflect a clerical worker standard of living or average costs for all urban consumers. (Weights for component indexes appear above column headings—17% for Grocery items, for example.)

Because the number of items priced is limited, it is not valid to treat percentage differences between areas as exact measures. Since judgment sampling is used in this survey, no confidence interval can be determined. Small differences, however, should not be construed as significant—or even as indicating correctly which area is the more expensive.

PARTICIPATING AREAS: Areas included in this survey are those where chambers of commerce or similar organizations have volunteered to participate. The number of respondents varies from quarter to quarter, and ACCRA makes a continuing effort to expand coverage of metropolitan areas. Any metropolitan area not represented in this report is absent because its chamber of commerce has opted not to collect data. *ACCRA has no data for areas which do not appear in this report.*

PRICE REPORTING: ACCRA stringently reviews all prices reported, and attempts to eliminate errors and noncompliance with specifications. All price data are obtained from sources deemed reliable, but no representation is made as to the complete accuracy thereof. They are published

subject to errors, omissions, changes, and withdrawals without notice.

SPECIFICATIONS: The specific items priced are listed on page iii. The specifications for all grocery items are self-explanatory. Abbreviated specifications for all nongrocery items are presented only as a guide to users of this report; far more detailed specifications are contained in a manual provided to participants.

EXCLUSION OF TAXES: ACCRA is fully cognizant that state and local taxes are an integral part of the cost of living, and that tax burdens vary widely not only among states and metropolitan areas, but even within metropolitan areas. Due to the multiplicity of state and local taxes, taxing jurisdictions, and assessment procedures, it is not feasible to calculate local tax burdens reliably. ACCRA has opted to produce an index which adequately measures differences in goods and services costs, rather than to produce an inaccurate measure which attempts to incorporate taxes levied on real and intangible property, retail sales, and income.

TWO SECTIONS OF QUARTERLY DATA: The *ACCRA Cost of Living Index* presents data in two sections:

URBAN AREA INDEX DATA: This section shows each place's Composite Index and six component indexes: Groceries, Housing, Utilities, Transportation, Health Care, and Miscellaneous Goods

& Services. Places are listed by state. Within each state, places appear alphabetically within Metropolitan Statistical Area (MSA) or Primary Metropolitan Statistical Area (PMSA), as defined by the Office of Management and Budget; nonmetropolitan places are listed alphabetically within state following the listings for places within MSAs and PMSAs.

Grouping places by metropolitan area can be helpful in gauging living cost differentials when the central city is not represented. While data for suburban places can be used as surrogates for central city data, however, users should note that cost of living differences can exist within large metropolitan areas, and that data for suburbs may not match those which might have been obtained for the central city or for the entire metropolitan area.

AVERAGE PRICES: The average price reported for each item in the survey is shown for each participating place. Places are listed alphabetically within state, without respect to whether they are

located within a metropolitan area. After the final state listing, this section presents the median, average, standard deviation, and range for each item.

SUBSCRIPTIONS: This quarterly report is available by subscription for \$100 per year. Subscriptions begin with the current issue unless the subscriber specifies otherwise. Single issues of current or back reports may be purchased for \$50 each. Subscription order forms are available from participating chambers or from ACCRA. Subscription or single issue orders may be placed directly with ACCRA's treasurer: Mrs. Alice M. Klein, Louisville Chamber of Commerce, One Riverfront Plaza, Louisville, KY 40202. Check (payable to "ACCRA") or government purchase order must accompany each subscription; telephone orders cannot be accepted.

FOR MORE INFORMATION: If you have questions on data, call the ACCRA Information Phone (703/998-4172). If you have questions on procedures or methodology, contact either C. A.

Kasdorf III, Greater Houston Partnership, 1100 Milam Building, 25th Floor, Houston, TX 77002 (713/658-2466) or Ed Sturgeon, Lexington Chamber of Commerce, 330 East Main Street, Lexington, KY 40507 (606/254-4447).

ACCRA: The American Chamber of Commerce Researchers Association, founded in 1961, is a nonprofit professional organization comprising research staff of chambers of commerce, economic development organizations, and related organizations throughout the United States and Canada. In its dedication to improving business information through research, ACCRA developed the *Cost of Living Index* to meet the need for a measure of living cost differentials among urban areas. Originally titled *Inter-City Cost of Living Indicators Project*, the *ACCRA Cost of Living Index* has been published quarterly since 1968.

ACCRA has no permanent office. Staff functions are carried on by volunteer members. ACCRA is an affiliate of American Chamber of Commerce Executives, 4232 King St., Alexandria, VA 22302.

Price Report Column Headings

The items and specifications in this pricing study are listed below. Descriptions for HOUSING and UTILITIES are abbreviated, since pricing is based on explicit procedural instructions and highly detailed specifications. Monthly costs for housing and energy are not communitywide averages, and should not be construed as such. ● Establishment samples are selected to reflect a midmanagement standard of living; minimum sample size depends on the population of the area for which data are collected. ● To ensure uniformity, national brands are stipulated whenever possible. "Lowest price" is the average of the lowest prices found in all stores surveyed. ● Weights are shown for the component indexes.

REPRODUCTION OF THIS REPORT IS PROHIBITED

ABOUT THE INDEX: The American Chamber of Commerce Researchers Association (ACCRA) produces the *ACCRA Cost of Living Index* to provide a useful and reasonably accurate measure of living cost differences among urban areas. Items on which the Index is based have been carefully chosen to reflect the different categories of consumer expenditures. Weights assigned to relative costs are based on government survey data on expenditure patterns for midmanagement households. All items are priced in each place at a specified time and according to standardized specifications.

INTERPRETING THE INDEX: The *ACCRA Cost of Living Index* measures relative price levels for consumer goods and services in participating areas. The average for all participating places, both metropolitan and nonmetropolitan, equals 100, and each participant's Index is read as a percentage of the average for all places.

The Index does not measure inflation (price change over time): each quarterly report is a separate comparison of prices at a single point in time, and both the number and the mix of participants may change from one quarter to the next. For inflation data, contact your nearest regional office of the U.S. Bureau of Labor Statistics.

The Index reflects cost differentials for a midmanagement standard of living. Operationally, this standard of living is set by the weighting structure. Homeownership costs, for example, are

more heavily weighted than they would be if the *Index* were structured to reflect a clerical worker standard of living or average costs for all urban consumers. (Weights for component indexes appear above column headings—17% for Grocery items, for example.)

Because the number of items priced is limited, it is not valid to treat percentage differences between areas as exact measures. Since judgment sampling is used in this survey, no confidence interval can be determined. Small differences, however, should not be construed as significant—or even as indicating correctly which area is the more expensive.

PARTICIPATING AREAS: Areas included in this survey are those where chambers of commerce or similar organizations have volunteered to participate. The number of respondents varies from quarter to quarter, and ACCRA makes a continuing effort to expand coverage of metropolitan areas. Any metropolitan area not represented in this report is absent because its chamber of commerce has opted not to collect data. *ACCRA has no data for areas which do not appear in this report.*

PRICE REPORTING: ACCRA stringently reviews all prices reported, and attempts to eliminate errors and noncompliance with specifications. All price data are obtained from sources deemed reliable, but no representation is made as to the complete accuracy thereof. They are published

subject to errors, omissions, changes, and withdrawals without notice.

SPECIFICATIONS: The specific items priced are listed on page iii. The specifications for all grocery items are self-explanatory. Abbreviated specifications for all nongrocery items are presented only as a guide to users of this report; far more detailed specifications are contained in a manual provided to participants.

EXCLUSION OF TAXES: ACCRA is fully cognizant that state and local taxes are an integral part of the cost of living, and that tax burdens vary widely not only among states and metropolitan areas, but even within metropolitan areas. Due to the multiplicity of state and local taxes, taxing jurisdictions, and assessment procedures, it is not feasible to calculate local tax burdens reliably. ACCRA has opted to produce an index which adequately measures differences in goods and services costs, rather than to produce an inaccurate measure which attempts to incorporate taxes levied on real and intangible property, retail sales, and income.

TWO SECTIONS OF QUARTERLY DATA: The *ACCRA Cost of Living Index* presents data in two sections:

URBAN AREA INDEX DATA: This section shows each place's Composite Index and six component indexes: Groceries, Housing, Utilities, Transportation, Health Care, and Miscellaneous Goods

& Services. Places are listed by state. Within each state, places appear alphabetically within Metropolitan Statistical Area (MSA) or Primary Metropolitan Statistical Area (PMSA), as defined by the Office of Management and Budget; nonmetropolitan places are listed alphabetically within state following the listings for places within MSAs and PMSAs.

Grouping places by metropolitan area can be helpful in gauging living cost differentials when the central city is not represented. While data for suburban places can be used as surrogates for central city data, however, users should note that cost of living differences can exist within large metropolitan areas, and that data for suburbs may not match those which might have been obtained for the central city or for the entire metropolitan area.

AVERAGE PRICES: The average price reported for each item in the survey is shown for each participating place. Places are listed alphabetically within state, without respect to whether they are

located within a metropolitan area. After the final state listing, this section presents the median, average, standard deviation, and range for each item.

SUBSCRIPTIONS: This quarterly report is available by subscription for \$100 per year. Subscriptions begin with the current issue unless the subscriber specifies otherwise. Single issues of current or back reports may be purchased for \$50 each. Subscription order forms are available from participating chambers or from ACCRA. Subscription or single issue orders may be placed directly with ACCRA's treasurer: Mrs. Alice M. Klein, Louisville Chamber of Commerce, One Riverfront Plaza, Louisville, KY 40202. Check (payable to "ACCRA") or government purchase order must accompany each subscription; telephone orders cannot be accepted.

FOR MORE INFORMATION: If you have *questions on data*, call the ACCRA Information Phone (703/998-4172). If you have *questions on procedures or methodology*, contact either C. A.

Kasdorf III, Greater Houston Partnership, 1100 Milam Building, 25th Floor, Houston, TX 77002 (713/658-2466) or Ed Sturgeon, Lexington Chamber of Commerce, 330 East Main Street, Lexington, KY 40507 (606/254-4447).

ACCRA: The American Chamber of Commerce Researchers Association, founded in 1961, is a nonprofit professional organization comprising research staff of chambers of commerce, economic development organizations, and related organizations throughout the United States and Canada. In its dedication to improving business information through research, ACCRA developed the *Cost of Living Index* to meet the need for a measure of living cost differentials among urban areas. Originally titled *Inter-City Cost of Living Indicators Project*, the ACCRA *Cost of Living Index* has been published quarterly since 1968.

ACCRA has no permanent office. Staff functions are carried on by volunteer members. ACCRA is an affiliate of American Chamber of Commerce Executives, 4232 King St., Alexandria, VA 22302.

Price Report Column Headings

The items and specifications in this pricing study are listed below. Descriptions for HOUSING and UTILITIES are abbreviated, since pricing is based on explicit procedural instructions and highly detailed specifications. Monthly costs for housing and energy are not communitywide averages, and should not be construed as such. ● Establishment samples are selected to reflect a midmanagement standard of living; minimum sample size depends on the population of the area for which data are collected. ● To ensure uniformity, national brands are stipulated whenever possible. "Lowest price" is the average of the lowest prices found in all stores surveyed. ● Weights are shown for the component indexes.

Column
Number Weight

GROCERY ITEMS

		MEATS	
1	.0784	T-Bone Steak	Price per pound, USDA Choice
2	.0784	Ground Beef or Hamburger	Price per pound, lowest price
3	.0707	Bacon	Price per pound; Oscar Mayer, Hormel Black Label, or Field's
4	.0636	Frying Chicken	Price per pound, whole fryer
5	.0379	Chunk Light Tuna	6.5 oz. can, Starbuck or Chicken of the Sea, packed in oil
		DAIRY PRODUCTS	
6	.0850	Whole Milk	Half-gallon carton
7	.0188	Eggs	One dozen, Grade A, large
8	.0251	Margarine	One pound, Blue Bonnet or Parlay
9	.0250	Parmesan Cheese, Grated	8 oz. canister, Kraft brand
		PRODUCE	
10	.0177	Potatoes	10 pound sack, white or red
11	.0321	Bananas	Price per pound
12	.0177	Head Lettuce	Head, approximately 1-1/4 pound
		BAKERY PRODUCTS	
13	.0762	Bread, White	24 oz. loaf, lowest price
		TOBACCO	
14	.0855	Cigarettes	Carton, Winston, King-size (85 mm.)
		MISCELLANEOUS GROCERY PRODUCTS	
15	.0334	Coffee, Vacuum-Packed	13 oz. can, Maxwell House, Hills Brothers, or Folgers
16	.0250	Sugar	5 pounds, cane or beet, lowest price
17	.0226	Corn Flakes	16 oz., Kellogg's or Post Toasties
18	.0087	Sweet Peas	17 oz. can, Del Monte or Green Giant
19	.0087	Tomatoes	14-1/2 oz. can, Hunt's or Del Monte
20	.0296	Peaches	29 oz. can, Hunt's, Del Monte, or Libby's, halves or slices
21	.0372	Facial Tissues	175-count box, Kleenex brand
22	.0345	Washing Powder	42 oz., Tide, Bold, or Cheer
23	.0204	Showering	3 pound can, all-vegetable, Crisco brand
24	.0308	Frozen Orange Juice	12 oz. can, Minute Maid brand
25	.0087	Frozen Corn	10 oz. whole kernel, lowest price
26	.0334	Baby food	4.5 oz. jar, strained vegetables, lowest price
27	.0309	Soft Drink	2 liter Coca Cola, excluding any deposit

HOUSING

28	.25	Apartment, Monthly Rent	Two-bedroom, unfurnished, excluding all utilities except water, 1-1/2 or 2 baths, approximately 950 sq.ft.
29A	-	Total Purchase Price	1,800 sq.ft. living area new house, 8,000 sq.ft. lot, urban area with all utilities
29B	-	Mortgage Rate	Effective rate, including points and origination fee, for 30-year conventional fixed- or adjustable-rate mortgage
29C	.75	Monthly Payment	Principal and interest, using mortgage rate from item 29B and assuming 25% down payment

Column
Number Weight

UTILITIES

30-31	.80	Total Home Energy Cost	Monthly cost, at current rates, for average monthly consumption of all types of energy during the previous 12 months for the type of home specified in item 29A.
30	-	Electricity	Average monthly cost for all-electric homes is shown in Column 30A; average monthly cost for homes using other types of energy as well is shown in Column 30B.
31	-	Other Home Energy	Average monthly cost at current rates for natural gas, fuel oil, coal, wood, etc.

REPRODUCTION OF THIS REPORT IS PROHIBITED

ABOUT THE INDEX: The American Chamber of Commerce Researchers Association (ACCRA) produces the *ACCRA Cost of Living Index* to provide a useful and reasonably accurate measure of living cost differences among urban areas. Items on which the Index is based have been carefully chosen to reflect the different categories of consumer expenditures. Weights assigned to relative costs are based on government survey data on expenditure patterns for midmanagement households. All items are priced in each place at a specified time and according to standardized specifications.

INTERPRETING THE INDEX: The *ACCRA Cost of Living Index* measures relative price levels for consumer goods and services in participating areas. The average for all participating places, both metropolitan and nonmetropolitan, equals 100, and each participant's index is read as a percentage of the average for all places.

The Index does not measure inflation (price change over time): each quarterly report is a separate comparison of prices at a single point in time, and both the number and the mix of participants may change from one quarter to the next. For inflation data, contact your nearest regional office of the U.S. Bureau of Labor Statistics.

The *Index* reflects cost differentials for a *mid-management* standard of living. Operationally, this standard of living is set by the weighting structure. Homeownership costs, for example, are

more heavily weighted than they would be if the *Index* were structured to reflect a clerical worker standard of living or average costs for all urban consumers. (Weights for component indexes appear above column headings—17% for Grocery Items, for example.)

Because the number of items priced is limited, it is not valid to treat percentage differences between areas as exact measures. Since judgment sampling is used in this survey, no confidence interval can be determined. Small differences, however, should not be construed as significant—or even as indicating correctly which area is the more expensive.

PARTICIPATING AREAS: Areas included in this survey are those where chambers of commerce or similar organizations have volunteered to participate. The number of respondents varies from quarter to quarter, and ACCRA makes a continuing effort to expand coverage of metropolitan areas. Any metropolitan area not represented in this report is absent because its chamber of commerce has opted not to collect data. *ACCRA has no data for areas which do not appear in this report.*

PRICE REPORTING: ACCRA stringently reviews all prices reported, and attempts to eliminate errors and noncompliance with specifications. All price data are obtained from sources deemed reliable, but no representation is made as to the complete accuracy thereof. They are published

subject to errors, omissions, changes, and withdrawals without notice.

SPECIFICATIONS: The specific items priced are listed on page iii. The specifications for all grocery items are self-explanatory. Abbreviated specifications for all nongrocery items are presented only as a guide to users of this report; far more detailed specifications are contained in a manual provided to participants.

EXCLUSION OF TAXES: ACCRA is fully cognizant that state and local taxes are an integral part of the cost of living, and that tax burdens vary widely not only among states and metropolitan areas, but even within metropolitan areas. Due to the multiplicity of state and local taxes, taxing jurisdictions, and assessment procedures, it is not feasible to calculate local tax burdens reliably. ACCRA has opted to produce an index which adequately measures differences in goods and services costs, rather than to produce an inaccurate measure which attempts to incorporate taxes levied on real and intangible property, retail sales, and income.

TWO SECTIONS OF QUARTERLY DATA: The *ACCRA Cost of Living Index* presents data in two sections:

URBAN AREA INDEX DATA: This section shows each place's Composite Index and six component indexes: Groceries, Housing, Utilities, Transportation, Health Care, and Miscellaneous Goods

& Services. Places are listed by state. Within each state, places appear alphabetically within Metropolitan Statistical Area (MSA) or Primary Metropolitan Statistical Area (PMSA), as defined by the Office of Management and Budget; nonmetropolitan places are listed alphabetically within state following the listings for places within MSAs and PMSAs.

Grouping places by metropolitan area can be helpful in gauging living cost differentials when the central city is not represented. While data for suburban places can be used as surrogates for central city data, however, users should note that cost of living differences can exist within large metropolitan areas, and that data for suburbs may not match those which might have been obtained for the central city or for the entire metropolitan area.

AVERAGE PRICES: The average price reported for each item in the survey is shown for each participating place. Places are listed alphabetically within state, without respect to whether they are

located within a metropolitan area. After the final state listing, this section presents the median, average, standard deviation, and range for each item.

SUBSCRIPTIONS: This quarterly report is available by subscription for \$100 per year. Subscriptions begin with the current issue unless the subscriber specifies otherwise. Single issues of current or back reports may be purchased for \$50 each. Subscription order forms are available from participating chambers or from ACCRA. Subscription or single issue orders may be placed directly with ACCRA's treasurer: Mrs. Alice M. Klein, Louisville Chamber of Commerce, One Riverfront Plaza, Louisville, KY 40202. Check (payable to "ACCRA") or government purchase order must accompany each subscription; telephone orders cannot be accepted.

FOR MORE INFORMATION: If you have questions on data, call the ACCRA Information Phone (703/998-4172). If you have questions on procedures or methodology, contact either C. A.

Kasdorf III, Greater Houston Partnership, 1100 Milam Building, 25th Floor, Houston, TX 77002 (713/658-2466) or Ed Sturgeon, Lexington Chamber of Commerce, 330 East Main Street, Lexington, KY 40507 (606/254-4447).

ACCRA: The American Chamber of Commerce Researchers Association, founded in 1961, is a nonprofit professional organization comprising research staff of chambers of commerce, economic development organizations, and related organizations throughout the United States and Canada. In its dedication to improving business information through research, ACCRA developed the *Cost of Living Index* to meet the need for a measure of living cost differentials among urban areas. Originally titled *Inter-City Cost of Living Indicators Project*, the ACCRA *Cost of Living Index* has been published quarterly since 1968.

ACCRA has no permanent office. Staff functions are carried on by volunteer members. ACCRA is an affiliate of American Chamber of Commerce Executives, 4232 King St., Alexandria, VA 22302.

Price Report Column Headings

The items and specifications in this pricing study are listed below. Descriptions for HOUSING and UTILITIES are abbreviated, since pricing is based on explicit procedural instructions and highly detailed specifications. Monthly costs for housing and energy are not communitywide averages, and should not be construed as such. ● Establishment samples are selected to reflect a midmanagement standard of living; minimum sample size depends on the population of the area for which data are collected. ● To ensure uniformity, national brands are stipulated whenever possible. "Lowest price" is the average of the lowest prices found in all stores surveyed. ● Weights are shown for the component indexes.

Column

GROCERY ITEMS

MEATS		
1	.0784	T-Bone Steak Price per pound, USDA Choice
2	.0784	Ground Beef or Hamburger Price per pound, lowest price
3	.0707	Bacon Price per pound; Oscar Mayer, Hormel Black Label, or Field's
4	.0536	Frying Chicken Price per pound, whole fryer
5	.0379	Chunk Light Tuna 6.5 oz. can, Starkist or Chicken of the Sea, packed in oil
DAIRY PRODUCTS		
6	.0650	Whole Milk Half-gallon carton
7	.0186	Eggs One dozen, Grade A, large
8	.0251	Margarine One pound, Blue Bonnet or Parkay
9	.0250	Parmesan Cheese, Grated 8 oz. canister, Kraft brand
PRODUCE		
10	.0177	Potatoes 10 pound sack, white or red
11	.0321	Bananas Price per pound
12	.0177	Head Lettuce Head, approximately 1-1/4 pound
BAKERY PRODUCTS		
13	.0762	Bread, White 24 oz. loaf, lowest price
TOBACCO		
14	.0855	Cigarettes Carton, Winston, king-size (85 mm.)
MISCELLANEOUS GROCERY PRODUCTS		
15	.0334	Coffee, Vacuum-Packed 13 oz. can, Maxwell House, Hills Brothers, or Folgers
16	.0250	Sugar 5 pounds, cane or beet, lowest price
17	.0226	Corn Flakes 18 oz., Kellogg's or Post Toasties
18	.0087	Sweet Peas 17 oz. can, Del Monte or Green Giant
19	.0087	Tomatoes 14-1/2 oz. can, Hunt's or Del Monte
20	.0256	Peaches 29 oz. can, Hunt's, Del Monte, or Libby's, halves or slices
21	.0372	Facial Tissues 175-count box, Kleenex brand
22	.0345	Washing Powder 42 oz., Tide, Bold, or Cheer
23	.0204	Shortening 3 pound can, all-vegetable, Crisco brand
24	.0308	Frozen Orange Juice 12 oz. can, Minute Maid brand
25	.0087	Frozen Corn 10 oz. whole kernel, lowest price
26	.0334	Baby food 4.5 oz. jar, strained vegetables, lowest price
27	.0309	Soft Drink 2 liter Coca Cola, excluding any deposit

HOUSING

28	.25	Apartment, Monthly Rent Two-bedroom, unfurnished, excluding all utilities except water, 1-1/2 or 2 baths, approximately 850 sq.ft.
29A	-	Total Purchase Price 1,800 sq.ft. living area new house, 8,000 sq.ft. lot, urban area with all utilities
29B	-	Mortgage Rate Effective rate, including points and origination fee, for 30-year conventional fixed- or adjustable-rate mortgage
29C	.75	Monthly Payment Principal and interest, using mortgage rate from item 29B and assuming 25% down payment

UTILITIES

Total Home Energy Cost	Monthly cost, at current rates, for average monthly consumption of all types of energy during the previous 12 months for the type of home specified in item 29A.
Electricity	Average monthly cost for all-electric homes is shown in Column 30A; average monthly cost for homes using other types of energy as well is shown in Column 30B.
Other Home Energy	Average monthly cost at current rates for natural gas, fuel oil, coal, wood, etc.
Telephone	Private residential line; customer owns instruments. Price includes: basic monthly rate; additional local use charges, if any, incurred by a family of four; TouchTone fee; all other mandatory monthly charges, such as long distance access fee and 911 fee; and all taxes on the foregoing

TRANSPORTATION

Commuter Fare	One-way commuting fare, up to 10 miles
Auto Maintenance	Average price to computer- or spin-balance one front wheel
Gasoline	One gallon regular unleaded, national brand, including all taxes; cash price at self-service pump if available

HEALTH CARE

Hospital Room	Average cost per day for semi-private room
Office Visit, Doctor	American Medical Association procedure 90050: general practitioner's routine examination of established patient
Office Visit, Dentist	American Dental Association procedures 1110 (adult teeth cleaning) and 0120 (periodic oral examination)
Aspirin	100-tablet bottle, Bayer brand, 325-mg. tablets

MISCELLANEOUS GOODS & SERVICES

Hamburger Sandwich	1/4-pound patty with cheese, McDonald's Quarter-Pounder with cheese, where available
Pizza	12"-13" thin crust cheese pizza, Pizza Hut or Pizza Inn, where available
Fried Chicken	Thigh and drumstick, with or without extras, Kentucky Fried Chicken or Church's, where available
Haircut	Man's barbershop haircut, no styling
Beauty Salon	Woman's shampoo, trim, and blow-dry
Toothpaste	6 oz.-7 oz. tube, Crest or Colgate
Shampoo	11 oz. bottle, Johnson's Baby Shampoo
Dry Cleaning	Man's two-piece suit
Man's Dress Shirt	Arrow, Enro, Van Heusen, or J.C. Penney's Stafford, White, cotton/polyester blend (at least 55% cotton), long sleeves
Boy's Underwear	Package of 3 briefs, cotton, lowest price
Man's Denim Jeans	Levi's brand, lowest price in 500s series, size 28/30-34/38
Major Appliance Repair	Home service call, clothes washing machine; minimum labor charge, excluding parts
Newspaper Subscription	Daily and Sunday home delivery, large-city newspaper, monthly rate
Movie	First-run, indoor, evening
Bowling	Price per line (game), evening rate
Tennis Balls	Can of three extra-duty, yellow, Wilson or Penn brand
Board Game	Parker Brothers' "Monopoly," No. 9 edition
Liquor	J&B Scotch, 750-ml. bottle
Beer	Budweiser or Miller Lite, 6-pack, 12-oz. containers, excluding any deposit
Wine	Paul Masson Chablis, 1.5-liter bottle
